

Verify Credentials for Third-Party Care and Vendors

Ensure that your third-party care meets credentialing standards to guarantee the highest level of security and care for your residents

Self-Employed Private Care

Home Health / Hospice

Agency Staff

Other Vendors

Why Verify Credentials for Third-Party Care?

Allowing unscreened third-party care and vendors into your community poses significant risk to residents and staff. You can mitigate these risks by ensuring all third-party service providers meet specific requirements that can be tailored to the needs of your community. Examples of these credentials include:

- ✓ Up-to-Date Immunizations (TB, Influenza, Hepatitis B, etc.)
- ✓ Criminal and Sex Offender Background Checks
- ✓ Professional Certifications and Licenses
- ✓ OIG (Office of Inspector General) Exclusion Verification
- ✓ Drug Screening
- ✓ Employment Verification
- ✓ General Liability Insurance (COI)*
- ✓ Workers' Compensation Insurance*

*Company requirements.

Accushield Verify

Streamlined Credential Management for Third-Party Care

Our comprehensive verification process ensures vendors have the necessary qualifications to safely access your community and work hands-on with residents.

Key Features:

- ✓ **Access Monitoring and Credential Management**
Track service provider entry and exit, monitoring their credential documents in a HIPAA-compliant system.
- ✓ **Name Badge Creation**
Automatically printed badges indicate if credentials are unverified, highlighting missing qualifications needed for compliance.
- ✓ **Driver's License Sign-In for Tightened Security**
Simplify registration at the kiosk by capturing essential information instantly, streamlining the sign-in process and confirming identity.
- ✓ **Instant Alerts for Service Provider Activity**
Receive text and email alerts when: a service provider arrives, a vendor visits a specific resident, or an unverified or banned vendor attempts entry. Stay informed and proactive.

✓ Photo Capture Technology

Capture and store photos of third-party caregivers and vendors at sign-in, adding an extra layer of security and accountability.

Core Benefits:

Ensure the safety
of residents

Mitigate risk

Build a
security-conscious
community culture

Peace of mind for
family and staff
